

**Michigan  
Technological  
University**

*School of Technology*

January 26, 2018

To Whom It May Concern:

I am pleased to provide a reference letter regarding ongoing collaborative efforts between the School of Technology at Michigan Technological University and JA Experts AG in Hanover Germany. Specifically, our collaborative efforts are concentrated in the following areas:

- Design and development of 3D printed prototypes of UFO houses and for research in wind-tunnel and other Michigan Tech research facilities,
- Development of senior design projects for students to advance and develop new components of the UFO-Houses,
- Mutual exploration of research funding opportunities deploying UFO-Houses as a research platform,
- Dissemination of the UFO-House ideas between our researchers and developers for critical analysis,
- Mutual considerations of the opportunity to build a UFO-House on campus as an attraction for current and future students.

We look forward to a fruitful collaboration between our academic organization and JA Experts AG. If you have any further questions regarding our collaborative efforts, please do not hesitate to contact me using the information on this letterhead.

Sincerely,

James O. Frendewey  
Dean
